

2013 Klondike Derby Equipment

All Scout troops are encouraged to build & bring unit sleds (1 sled per troop or 1 per patrol). The sled will be used for the Sled Race as the final event of the Klondike Derby.

(This sled depiction has been used previous Klondike Derbies. It can be used as a guide to help you build your troop's sled(s).)

It is to be 60" long & 18" wide. It shouldn't weigh more than 50 lbs when fully loaded.

Sled Race. Each competing patrol will drag the sled with all required equipment loaded and one unit member seated in the sled. The fastest patrol wins.

Equipment to be carried in each sled.

(The competitive events are based around these items.)

Patrol Flag	Pocket Knife	Firewood (3-5 min worth)
Patrol First Aid Kit	Bike Helmet	Clipboard
Standard Size Blanket	12"x12" piece of plywood	Pen/pencil (water proof)
3 Poles (6' long)	Compass	Snow shovel
50' of 3/8" rope	2 Scout Handbooks (water proof)	Paper pad (water proof)
3 - 6' pieces of 3/8" rope	2 Neckerchiefs	Mess Kit w/ pot & measuring cup
2 - 12' pieces of 3/8" rope	Waterproof Matches	
1 gal of water	Fire Starting Materials	

NOTE: "water proof" means that the stated item can be stored in a protected container or bag.

Recommended Personal Clothing.

Thermal underwear	Wool or ski socks	Lip balm
Warm shirt or sweater	Warm hat or headband	Sunscreen
Wind / waterproof jacket	Warm, waterproof gloves	Day pack (fanny pack)
Ski bibs or powder pants (warm, waterproof pants)	Goggles or sunglasses	Canteen w/ water

Change of clothes (stored in a dry waterproof container or vehicle.)

Warm, water proof boots (*NOTE: Please don't let anyone wear sneakers or tennis-type shoes.*)

Recommended Troop / Patrol Equipment

All:
 Sufficient food for all personnel in the troop / patrols. (Stores are available in the area for food purchases.)
 Sufficient water to cook all meals. (Water will be available from Snowflower and will be accessible in the main parking lot.)
 Cooking & eating equipment for all meals.
 Shelters for weather protection & warming of wet, cold scouts.

Spending the Night (Plan on a low of 15° F):

Tents for all personnel. Should be waterproof in the event that it snows.
 High quality sleeping bags that will retain warmth even when wet.
 Sleeping pads to sleep on.
