Last April one week before our camporee, Live Oak Village participated in the W5A section conclave held out at Camp Parks. This years conclave was full of lots of excitement, ranging from lodge volleyball competition, to an all out water balloon fight during the middle of the night. Also on Saturday all the lodges got together and had an excellent indian dance contest. For you arrowmen that couldn't attend, you missed out on a weekend of fun. So we hope to see you at next years W5A conclave.

### WHERE ARE YOU?

You as village members are needed to make our village a success. Live Oak Village meets the first Wednesday of the month at the First Lutheran Church bottom of Redwood Rd, & Mountain blvd. Our meetings start at 7:30 PM.

## CAMPOREE '79

Thanks to camporee chairmen David Finger and his two assistants George White and Duane Mower, Live Oak Village put on one of the best camporees in it's history. The camporee was held near the shores of Pardee Reservoir in the foothill of the mighty Sierra Nevada. On Saturday the scouts tried their hardest to win ribbons or prizes from 14 different events. After the Camporee the scouts were invited to take a tour of pardee dam and its' adjoining power plant.

### CEREMONIES

This year the ceremonies committee acquired two new headdresses--Allowat Sakima and Kichkinet. With the help of our village members and especially to Steve Kline, the headdresses were ready for the 1979 camporee held at Pardee Reservoir. Dear fellow members,

Five years and it seems like only yesterday that I became Liveoak Village Advisor. How time flies when you're having fun! I've spent the last few weeks thinking about the many activities and projects we've worked together on; Camporees, District Dinners, TLD's, PLD's, etc. I've also been thinking about each of you who I've had an opportunity to work with. The long hours. The frustration. But most of all the successes. Each of you exemplifies the very basis of our order, "Spirit of the Arrow". For this service, I thank you. I'm going to miss Liveoak, but the time has come for a change. Adrian Stith is a very capable and talented person who I know will challenge and inspire each of you to new heights and directions of service to scouting. I leave Liveoak Village knowing that each of you will support Adrian in carrying on the proud traditions of our order. I would also leave this thought with each of you in the hopes that it will inspire you as much as it has inspired me. "He who serves his fellows is, of all his fellows, greatest."

Yours in the spirit of Scouting,

*Tom Preston*
